Reading Curriculum 6th Grade

Reading Curriculum for Middle School is novel based. Students will read approximately 4 novels throughout the year in class.

Book Reports and special projects are a part of the Reading Curriculum. Each child must write a book report a month. Teachers must approve each book at the beginning of the month. All book reports are due the last Friday of each month. Example: September's book report is due on September 30th. If a child does not turn in a report a grade of zero will be given.
